

Speaker Bio | Dr. Marquinta Harvey

Dr. Harvey is a leader in the fields of public health, biostatistics, and behavioral neuroscience with over 15 years of experience ranging from biological and chemical warfare agent testing for the Department of Defense to understanding the neurobiological mechanisms that control social stress. Harvey is a devoted public health advocate with a passion for understanding and applying health data and research to improve processes, systems, and policies that lead to better health outcomes for marginalized populations. She earned a doctorate in health and

human performance from Middle Tennessee State University and holds master's and undergraduate degrees from the University of Tennessee, Knoxville in behavioral neuroscience and microbiology, respectively.
